The app has more than 5.5 million downloads! Learn English with the British council Learn English in our classrooms with world-class English experts. We have been teaching English for over 75 years and have helped over 100 million people in 100 different countries improve their English skills and build their trust. Visit [www.britishcouncil.org/english](http://www.britishcouncil.org/english) to learn more. ON ENGLISH LEARNING APPLICATIONS THE BRITISH COUNCIL The British Council is creating cutting-edge English learning apps for pupils of all ages. You can download our apps for grammar, vocabulary and listening exercises. Visit our website and see all our apps: Jul 2, 2020 Version 3.10.0 v3.10.0.\* We have corrected some bugs and updated some things in the background to make things work unpersuasively. We hope you enjoy using LearnEnglish grammar to learn English. If you have any feedback or suggestions, contact us using the Feedback and Support button on the Settings screen. We want to hear you! It's a good app, I think you should come out with the same ad-free app. I'm willing to pay for an ad-free app. I don't speak for the rest of the community, but I'm 100% sure that I and many others would pay not to see a garbage phenomenon when we're slow, but certainly becoming grammatics. Hi, Adam. Thanks for the positive feedback about the app and for the ad suggestions. We are currently retraining this and intend to introduce this feature in the coming months, so keep an eye on it. I hope you continue to enjoy using the app! One add-on is running out again and again. I've been a member of The Sound of Man for years. I can not log on again, the page I left open on the phone logged on, which stopped coming for a while. You can log in only once, there are no upgrades to buy, and I do not give a proposal to do it in any way. I just want the ad to go away and stop interfering. As for grammar, more teaching and less guessing on less than obvious (fill blank) answers. It's a very daunting task that can actually never be accomplished, in this way it becomes not a learning experience. But the test that follows the test after the test. It's not bad to make sure we do have it, but learning has to happen before testing, that's the fundamental requirement of education. Thanks for the checkup. Advertising was introduced in the app more than a year ago to cover maintenance costs. We understand your frustration and we are sorry that advertising bothers you, but advertising has made us able to offer these great apps for free. However, I will pass on your comment to our app manager. Thanks. This app helps me find out which words need to be in the right. This app can do that you want to continue playing and makes you think I want to win and go and keep trying. You're going to have a lot of fun. Go and download no! That's going to help you a lot. ☺☺☺☺ super so happy!!! App support privacy policy Find English grammar check apps and you'll find more than a dozen. It seems a simpler solution than learning the

basics of grammar. But that's where the illusion should end. Even the best application for checking grammar will not be able to help you with the accuracy and regularity of using modern English. You'd have to get back to basics for that. But instead of asking from this old grammar school, please contact these excellent English grammar applications. The best grammatical apps for iPhone and Android are interactive, and only this will help you press through all the objects, objects and modifies for dangling. 1. LearnEnglish Grammar Image Gallery (3 Images) The British Council is one of the best places to master English. But even if you're an English speaker, you can tighten the niance with their grammar app. A cutting-edge learning app takes you through 25 grammatical themes, 600 interactive activities and thousands of questions from filling in blanks, multiple options, and matching words. There are two versions of the app, as British English and American English are slightly different with their pronunciation, spelling and use. Download US Edition: LearnEnglish Grammar for Android | iOS (Free, In-App Purchases) Download UK Edition: LearnEnglish Grammar for Android | iOS (Free in-app purchases) 2. Johnny Grammar Word Challenge Image Gallery (3 Pictures) The British Council offers many apps to help you improve English. Combine the above app with the free and fun Johnny Grammar Word Challenge app. Quizzes in 60 seconds will test you on common vocabulary, spelling and grammar, and help you burn conversational English. Quizzes cover 12 grammatical thematic topics (such as Suggestions, Irregular Verbs, Conjunctivants, etc.) and take you through usages around food & restaurants, travel, chats, hobbies and more. It's a nice pedagogical tool that relies on global scales and badges motivate you. Download: Johnny Grammar Word Challenge for Android | iOS (free) Launch preparations IELTS? The British World offers an easy-to-use IELTS Prep App for Android and iOS with free practice tests, grammatical tips, tutorials and quizzes. 3. Grammaropolis On this page we stay with the entertainment for young grammar (Age: 8+). Quizzes from grammar, poems, books, games, and instruction videos help you understand the perception of eight parts of speech. Parts of the speech come to life with animated characters and stars in their own books, songs, videos and interactive games. You can use the Android and iOS website or apps. Guests can explore the name of charge. Music videos and information pages for all parts of speech are also free. For go with one of the subscription plans (\$3.99 per month, \$19.99 \$19.99 or \$39.99 forever). Download: Grammaropolis for Android | iOS (Free in-app purchases) 4. Picture Gallery Grammar Express (Super Edition) (3 Images) Click on the link mentioned above and you can catch up with the full range of grammatical applications. Each addresses a specific category of English usage. But super edition can be a more practical purchase by combining them all together into a single app. According to their copy, you get more than 600 pages of grammar lessons with more than 5,000 examples explaining each rule. Makes all this work and test your progress on 8,500 in-app questions. The app is priceable. The alternative is to buy individual apps that cover your grammatical weaknesses. Download: Grammar Express Super Edition for iOS [Broken URL Removed] (\$19.99) 5. The Grammar of English in Use This app for intermediate pupils is based on Raymond Murphy's grammatical book of the same name. The interface looks plain and sometimes is a piece of paper. But don't let anything get away from you. There are 145 units of grammatical and exercises. The free version has fewer the followings, but you can try it out with a guide to past and present tenze, interactive exercises, glossary and study guide. Prices are gradual as you advance through the units. It may seem expensive, but it may be worth it because of the reputation of the name behind it. Download: English Grammar in use for Android | iOS (Free in-app purchases) 6. English with Lingualeo The Lingualeo is a language platform for language learning in Russia, Brazil, Spain and Turkey. The online language gamification service began its life in Russia, but now focuses on Spanish-speaking countries such as Portugal and Brazil. Colorful gamification elements might be just right if your Spanish is strong, but you want to improve your English. There are free and subscription plans. The free tier gives you access to 250,000 texts, articles and book excerpts in 25 grammatical topics. More learning opportunities include vocabulary and 300 TED lectures with interactive subtitles. Download: Lingualeo for Android | iOS (Free in-app purchases) 7. Mad Libs Mad Libs is a popular word and grammar game. Books and apps are at the heart of the game. One player asks another for a list of words that will replace the blanks in the story. Various in-game tips challenge to insert parts of speech into a sentence. Does that sound too simple? Nothing stops you making up your own rules and making up sentences. The game is easy and anyone of all ages can play it. It's fun for everyone and an in-school exercise for kids. A teaching guide is also available on the page if you want to take it into the classroom. Download: Mad Libs for Android | iOS 8. Grammar Picture Gallery (3 images) Grammar in English is a simple application for those who do not want gamification. But don't let that take anything away from its usefulness. It offers simple explanations on topics I can. All areas of English grammar are covered-- from active or passive voice to homophones, idioms and verbs. Each explanation is supported by several examples. Get on with it and do some practice. You can track your progress and analyze results as you improve. The app supports ads that can be removed with a small purchase. Download: English Grammar Book for iOS (Free, \$0.99) Practice English Grammar Every Day Installing the right app is one thing. Working on it every day is different. One way to do it is to learn something new, and then use it in a conversation or writing that same day. English is an easy language to learn, but only practice will help you keep up to date in this. You may have noticed that we did not mention Ginger's Grammar or Grammar. You can try these favorite grammars to clear documents. But try them when you lay the groundwork with the apps listed above.
